Brian is an Associate at FAB Group, Inc., a financial advisory services firm.

Professional experience

Mr. Tracy's has experience primarily in business development and communications, as well as program management and process optimization. Brian has led multidisciplinary teams, using his educational background in communications along with his personnel management experience, to successfully ensure projects are on time and within budget.

Brian began his career focused on business development and fundraising as a member of the professional staff at the University of Southern California. Brian held a similar position at a non-profit organization for the advancement of children with disabilities, where he gained experience in process optimization and integration of business functions.

Brian has recently focused his attention on electronic discovery and document management in the context of commercial and intellectual property disputes. Brian has refined an innovative process for effectively managing discovery information relating to damages issues, and assimilating that information for decision makers.
